**Description**

A Flemish historical tapestry from the late 19th century, featuring several aristocratic figures standing at center, with some kneeling before a queen at left, who is seated on an elevated throne. At right, a seated man shows deference to a prominent woman in the foreground, while another woman offers a gentleman a blessing in the right

distance. Enclosed within a scrolling border consisting of flowering and fruiting elements. Wool with silk inlay.

**Hanging:** The tapestry comes ready for hanging, with linen backing and a strip of hook and loop tape at the top end, which can be connected to the opposite side of the supplied hook and loop tape, which could be tacked to your wall. For those who prefer the use of a tapestry rod, we can add the appropriate size loops to accommodate your needs. We now have a large selection of antique tapestry rods available as well, which we can provide detail upon request.
